

Environmental Policy

Papertex Limited will use policies and procedures that will ensure the conservation of natural resources while minimizing any adverse environmental impact from our operations, including, but not limited to, waste reduction and recycling. We will also encourage our customers and suppliers to follow similar practices where appropriate.

We will aim to:

- review our environmental policies and procedures regularly in order to continuously improve our performance and quality
- comply with all legal requirements and approved codes of practice in relation to environmental protection, standards and performance
- reduce pollution, emissions and waste
- reduce the use of all raw materials, energy and supplies
- raise awareness, encourage participation and train employees in environmental matters
- participate in discussions about environmental issues

All associates are made aware of this policy and their responsibilities for environmental issues.
